

Applications are open!

Starting your career with Ernst & Young is your opportunity to be part of our exciting and supportive environment. Our clients look to us to be problem-solvers and trustworthy advisors. From entrepreneurial start-ups to multinationals, we provide fresh insights and analysis - helping organisations manage risk, address issues and capitalise on opportunities to achieve their potential.

Career Compass Program 2011

This unique opportunity will give you the chance to get to know us and learn more about the variety of career paths we can offer you. You'll also attend workshops to help you gain the skills you need to grow from a student to a professional. You'll be encouraged to network with peers and experienced professionals, and if you're able to demonstrate that you're a high achiever, you could be invited to interview for our Vacationer Program.

Our Melbourne Career Compass Program will be held over 3 days from 28 - 30 September 2011.

Apply if you are graduating in 2013.

Vacationer Program 2011-12

Kick start your graduate opportunities and beat your peers to the post. Our Vacationer Program is your opportunity to join Ernst & Young and get ahead, before you've completed your degree.

Starting your career with Ernst & Young is your opportunity to be part of our exciting and supportive environment. When it comes to finding out what an organisation's like, nothing compares to working here.

As a vacationer, we'll provide you with client work, skills development, training and professional experiences. Not only do you learn about our organisation, you get to apply that knowledge. Show us what you're capable of and you may be invited to join us after graduation in a full-time position.

Apply if you are in your penultimate year of your degree.

We're looking for...

- Students in accounting, business, commerce, economics, engineering, finance, IS/IT, law or science for **Assurance**
- Students in accounting, business, commerce, economics, engineering, finance, IT/IS, law or science for **Tax**. If you're studying Economics we encourage you to consider our Transfer Pricing area. Students studying engineering, IT/IS or science may like to consider opportunities in our Tax - Research & Development business unit. Students studying psychology, maths, human resources, law, commerce may also be interested in our Tax - Performance & Reward team.
- Students in accounting, actuarial studies, business, commerce, economics, engineering, finance, IT/IS, law or science for **Advisory**. If you're studying IT/IS you're encouraged to apply to our **IT Risk and Assurance** business unit.

Financial Services Risk Management Graduate Program 2012

The Financial Services Risk Management Quantitative practice is at the forefront of high quality consultancy to some of the most innovative and forward thinking financial organisations in Australia.

The Financial Services Risk Management team offer integrated risk management and regulatory advisory services to the banking and capital markets, insurance, asset management, energy and corporate treasury sectors. As a graduate in the Quantitative team, you will assist in the valuation of financial instruments, in the review and building of market and credit risk models and testing compliance with regulatory requirements.

Apply if you are in your final year of studies or recently graduated.

We're looking for...

- Students in actuarial studies, mathematics, physics, engineering, finance or economics

Applications close 17 August 2011, 12.00 pm
